ARE STILL FIGHTING

MOTION TO SEAT ROOSEVELT
DELEGATES BONE OF CONTENTION

HADLEY THREATENS BOLT

In Speech in Support of Motion Gov.
ernor Makes Clear What Will
Happen if Defeated.

Special to The Democrat-Forum.
Convention Hall, Chicago, June 19. Senator Root called the convention to order at 11:15 o'clock.

Hadley's motion to substitute Roosevelt roll as temporary roll of convention taken up as unfinished business by unanimous consent. Hadley eulogized Roosevelt and was greeted by tremendous ovation. Two hours devoted to discussion. Hadley leads Roosevelt arguments, Watson for opposition. Hadley asks that seventy-eight names of delegates seated by the committee be stricken from the roll and Roosevelt delegates seated. Repeated charges of thievery made yesterday. W. T. Dovel of the state of Washington followed Hadley in opposition to argument. Henry J. Allen of Kansas spoke for the motion on behalf of the unseated Washington delegates. Statement of Hadley and Allen from the platform of the convention practically assures bolt of Roosevelt delegates after vote on Hadley motion, if it is defeated.

James A. Hemenway of Indiana spoke in opposition to Hadley's motion. Hemenway compared Penrose and Flinn in derogation to the latter, which caused a demonstration on the part of the Pennsylvania delegation. Flinn attempted to reply and was rebuked by Chairman Root. George L. Record of New Jersey followed Hemenway, supporting Hadley's motion. The sergeant-at-arms threatened to clear the hall of all guests if order was not maintained.

Robert E. Morrison of Arizona, at 2:45, spoke in opposition to Hadley's motion. Root rebuked one of the Texas delegation and instructed the sergeant-at-arms to eject him unless he stopped his disorderly conduct.

C. C. Little of Texas, a Taft delegate, spoke in favor of Hadley's motion and condemned the seating of Texas delegates by the committee, but announced his intention to vote for Taft.

Thomas H. Devine of Colorado spoke in opposition to Hadley's motion, and was hissed when he referred unfavorably to Hadley.

Remarks of speakers against Hadley's motion contain many bitter personalities, and the chairman is having trouble in maintaining order in delegations.

John C. Mackay spoke in opposition to Hadley's motion.

At 4 p. m. James Watson of Indiana, Taft floor leader, speaking in opposition to Hadley's motion. Unless time is again extended vote will follow when Watson closes.

HALL FOR 2 TALKS

SPEAKS TO WOMEN AT CHRIS-
TIAN CHURCH.

TO MEN AT METHODIST

Social Purity the Theme of Two Lec-
tures Given in Maryville On
Wednesday.

Dr. Winfield S. Hall, dean of the medical department of Northwestern university, returned to Maryville Wednesday for several lectures to be given throughout the day.

When several of the prominent business men of the city heard Dr. Hall at the Normal when the noted medical man was here several weeks ago, they felt the need of such a lecture to be given uptown, that more people might hear him. So plans were immediately made to bring him back.

Dr. Hall lectured at the Normal at the chapel hour this morning. At 4 o'clock he talked to women only at the Christian church, and at 8 o'clock Wednesday night to men only at the First M. E. church. Dr. Hall's books on hygiene will be sold by the Normal Y. M. C. A. to defray the expenses of the lectures, and in case the amount realized is not sufficient the men of the town will pay the deficit. All lectures will be free of charge to the public.

A banquet, complimentary to Dr. Hall, will be given by the Nodaway County Medical organization this evening at Reuillard's.

GRAHAM AUTOISTS HERE.

Were Boosting Wednesday for the Gra-
ham Celebration the Fourth.

Seven automobile loads of Graham citizens were in the city Wednesday boosting the Graham Fourth of July celebration. The Graham Concert band was with the boosters, and after a short concert at the corner of Third and Main streets the official "barker" of the crowd invited the people over to Graham to drink ice water and hear the eagle scream.

They were a lively, fine looking crowd of people, due, of course, to the presence of the Woman's Civic League. That league is going to put Graham on the map the first think you know.

Claggett, pastor of Westminster Presbyterian church, preached the sermon, and the ordination prayer was delivered by the Rev. A. D. Seely of Grant City, Mo. Dr. H. A. Sawyers of Savannah gave an impressive charge to the new ministers. Mr. Parker has been assigned to the Maitland and Graham, Mo., churches, and Mr. Ryland to Faith church, South St. Joseph.—News-Press.

New Cure for Hiccoughs.

An employee of the Crocker-Wheeler company at Ampere, N. J., was recently seized with an attack of hiccoughs. Various remedies were suggested, but none were of any avail. The attack had lasted for several hours before it became necessary for him to stop work and go home. At the expiration of that time he was completely exhausted by the continued spasmodic contractions in his throat. Each renewal of the attack seemed to "fairly tear his insides," as he expressed it. The works at Ampere cover twenty-five acres, and the employee had to walk through several of the big shops. So exhausted was he that when a fresh attack seized him he staggered and almost fell. He put out one hand to steady himself, and the next instant he straightened out rigidly. His hand had come in contact with a generator carrying a current of 250 volts. After the lightning swift withdrawal of his hand, and a startled gasp, the man turned quietly and went back to his work. He was cured of the hiccoughs, but was heard to state later that he thought the disease almost preferable to the drastic cure.

Opportunity.

They do me wrong who say I come no more
 When once I knock and fail to find you in;
 For every day I stand without your door,
 And bid you work, and rise to fight and win.

Wait not for precious chances passed away,
 Weep not for golden ages on the wane!
 Each night I burn the records of the day—
 At sunrise every soul is born again!

Laugh like a boy at splendors that have fled
 To vanished joys be blind and deaf and dumb;
 My judgments seal the dead past with its dead,
 But never bind a moment yet to come.

Though deep in mire, wring not your hands and weep;
 I lend my arm to all who say "I can."
 No shame-faced outcast ever sank so deep
 But he might rise and be again a man!

Dost thou behold thy lost youth all aghast?
 Dost reel from righteous retribution's blow?
 Then turn from blotted archives of the past,
 And find the future's pages white as snow.

Art thou a mourner? Rouse from thy spell;
 Art thou a sinner? Sins may be forgiven;
 Each morning gives thee wings to flee from hell,
 Each night a star to guide thy feet to heaven.

Picnic for Newly-Weds.

Miss Mary Thomas and Miss Vernie Thomas went to Hopkins Wednesday to be guests of Mr. and Mrs. Arthur McMaster at a picnic they will give Thursday for the pleasure of Mr. and Mrs. Arch Martin, newly-weds, of Hopkins, and Mr. Harry McIntyre of Chillicothe, who is visiting there.

Miss Airy to California.

Miss Golda Airy left Wednesday morning for Redlands, Cal., where she will spend the rest of the summer, returning in time for her school work in the Maryville schools. The girls of the Sigma Delta Chi sorority accompanied Miss Airy to the train and saw her off with as much fuss as though she was leaving on her honeymoon. Her cousin, Miss Jennie Garrett, went with her to Kansas City for a day's visit with friends.

For Their Niece's Wedding.

Mrs. William Wells and her son, Harland Wells, and Mrs. Lettie Kline and daughter, Miss Cleo Kline, of Hopkins came to Maryville Wednesday morning and went to the home of their sister, Mrs. D. J. Busby, south of Maryville, to attend the wedding of their niece, Golda Busby, to Lester O. Reaksecker, Wednesday evening at 6 o'clock. They were accompanied by Mrs. Wells' daughter, Miss Bernice Wells, who is attending the State Normal.

Sunday Dinner Guests.

Mr. and Mrs. T. J. Moss, living one mile and a half west of Maryville, entertained a company at dinner Sunday. Their guests included Mrs. John Vavall of St. Joseph, Mr. and Mrs. J. L. Charles, living southwest of Maryville; L. L. Smith of Maryville, and their son, T. O. Moss, who has been in the employ of the Reulillard bakery for some time. He left Monday for a vacation visit with his sisters, Mrs. W. E. Wray and Mrs. W. S. Rogers of Bell Rapids, S. D.

"The Bridgets" Are Astir.

The girls' club known as "The Bridgets" has been very quiet for a long time, scarcely a thing doing since school began last fall. The club will come to life tonight when Miss Ruth Matter and her guests, Miss Helen Wray and Miss Elizabeth Reed of Springfield, Mo., arrive in town. Miss Matter has been visiting Miss Wray in Springfield for several weeks. Miss Wray, who is the daughter of Mr. and Mrs. Curtis Wray, was a member of "The Bridgets" at its organization last summer, before the family left Maryville, and "once a member always a member" seems to be the club motto, for many good times are being planned to carry out after Helen arrives.

Musical and Reception.

The program presented at the reception and musicale given at the Elks' club Tuesday afternoon by Mrs. Thad L. Wilderman, Mrs. P. O. Landon and Miss Lottie Perrin is conceded to be as good a selection of music, presented by as good talent, as has been heard at any concert in Maryville for several years.

The two hundred and fifty guests spent a delightful afternoon, and the hostesses may rest assured their entertainment is more than appreciated. They were assisted in receiving by Mrs. George B. Baker, Mrs. E. G. Orear, Mrs. C. C. Corwin, Mrs. Charles Jackson, Mrs. A. R. Perrin, Mrs. D. J. Thomas, Mrs. M. L. Beattie and Miss Mae Orear.

In the tea rooms, where punch was served, Mrs. Ralph W. Eversole and Miss Donna Sisson presided, assisted by Miss Susie Ellison, Miss Esther Shoemaker, Miss Emma Lee Taylor and Miss Helen Leffler. The tables from which the punch was served were draped with white sweet peas and smilax. In the north parlor, where the guests were received, the only decoration was an immense bouquet of gladiolus. The guests were ushered into the auditorium by Miss Marie Jones, Miss Sara McMaster, Miss Elise Jackson and Miss Rena Sturm. The programs were given out by Little Misses Odette Wilderman, Dorothy McDonald, Masters Truman and Court Toel.

The stage was made attractive with palms and ferns. The program was presented by Mr. Charles Tingle, tenor soloist of Kansas City; Mr. G. Adolph

GALLERIES WERE IN AN UPROAR

Chicago Men and Women Hissed and Jeered at Proceedings.

WALKED OUT WHILE ROOT SPOKE

Scenes of Wild Disorder Among Spectators Mark Opening Hours of Great Convention—Pencils Were Busy.

Chicago, June 19.—There weren't pencils enough in the spectators' galleries in the Coliseum to keep score on the roll call on temporary chairman. That may serve to indicate in some slight degree the interest in the preliminary skirmish between the Roosevelt and Taft forces in the opening session of the Republican national convention.

Men and women who never had seen each other before bent together over the figures, added them up, discussed the significance of every vote and when hope was highest struck hands in exuberance of feeling. One touch of politics makes the whole world kin.

Chicago is pretty well convention broke, and it takes more than the ordinary procedure of such a gathering to stir the local convention goers, but they got a new sensation, and one that is going to make it pretty difficult for the next convention to compete with the baseball game and the picture shows.

Five Minutes of decorum.

It began when the chaplain said amen. Up to that time—a period of about five minutes—the galleries were perfectly decorous. They obeyed the police order that the aisles were to be kept clear, that there was to be no standing and no loud conversation. After that the deluge.

The minute Gov. Hadley said: "Mr. Chairman," and advanced with that motion to purge the roll the galleries rose, and stood up in the chairs. It was Chicago's show and Chicago meant to see it.

History and its handmaiden, fiction, have clung jealously to the tradition that the Roman arena furnished the most acceptable standard of cruelty and delight in human suffering. Perhaps, but the men and women in this Chicago Coliseum did earnestly strive to pierce the skins of Victor Rosewater and Senator Bradley and Indiana Jim Watson!

It was thumbs down for those gentlemen as truly as though the hungry lions had been leaping at the bars of their cages under the arena.

Cruel to Mr. Rosewater.

Thus: When Mr. Rosewater dealt his first feeble whacks with the gavel he was asked if he didn't want a boy to help him. When he used his still feeble voice he was requested to swallow what was in his throat, the intimation being plain that the obstruction was his heart. When he hesitated for a moment on Gov. Hadley's motion he was shrilly and derisively reproached for having forgotten Penrose's instructions on what to do next.

Bradley was greeted with howls, hisses and savage laughter as he passionately answered Hency's taunt that the Taft votes were all from states that never cast a Republican vote.

Walked Out on Root.

When Senator Root had talked on and on for some time he was asked if he thought he was in the senate, where time wasn't worth anything and men talked forever. And there was for Root that last shaft which the proverb says will pierce even the shell of a tortoise—the galleries got up and walked out in the middle of his speech.

Cruel? Well, it wasn't kind.

And then Wisconsin, Wisconsin was anti-Taft, and the Roosevelt galleries had fondly believed they knew where to place its votes. It was Wisconsin's own governor who had been honored with the nomination by the progressives against Root, and the scorekeepers already had put its 26 votes down in the McGovern column. When the break came and the Wisconsin delegates began to throw their votes the other way, the cry was raised, "a deal! A deal!" And high above the tumult on the floor and in the galleries the savage accusation rang out in a man's impassioned tones: "You've been talking to McKinley!"

The parliamentarians were all on the platform around Chairman Rosewater and Floor Leader Hadley. It speaks volumes for the depth and earnest of the interest taken in this campaign that men and women who never sat in a convention or a legislative body in their lives showed the keenest appreciation of the situation on the floor at every step of the long and involved proceedings.

Galleries Watched Closely. Not a move was made that was not anticipated in the galleries and commented on. Cries of "Appeal, appeal!" rose on all sides when Rosewater overruled the Hadley motion to substitute the names he offered on the temporary roll. And when Watson moved to table the motion it was appreciated that debate on it had been shut off, and the Indianan was roundly hissed.

When the busy pencils had reached

Texas and the defeat of the progressive candidate for chairman was foreshadowed, there were some scenes that might be called pathetic. Some women who had reached a high pitch of excitement took it hard. One young girl with an elder woman threw her score paper on the floor and for a moment her face rested on her companion's shoulder. The girl had added her column up wrong, for one thing, else she would have known sooner what the result would be. Her disappointment was all the keener when disillusionment came. She left her seat when Chairman Root was conducted to the platform.

The more experienced politicians among the Roosevelt spectators took the situation more calmly. They had not hoped very strongly that McGovern would win, but the nearness with which he came to winning gave them a renewed hope.

AIR CLAIMS WOMAN AS VICTIM

Was One of Only Three Female Aviators in Country—Had Been Flying But Short Time.

Springfield, Ill., June 19.—Julia Clarke of Denver, 28 years old, one of the three flying licensed female aviation pilots, was killed at the Illinois state fair grounds when the tip of one of the wings of her Curtis biplane struck a tree. Suspicious of the machine, Miss Clarke left a note requesting that, if she were killed, her body be taken to Denver for cremation.

She made a start and attempted to skim by a row of trees, the machine struck a far reaching bough and the airship turned turtle.

Miss Clarke had been flying for about eight months and was advertised as "the bird girl."

She was ambitious to secure funds from her flying to defray the expenses of an extensive tour of Europe, she was planning to take.

GOOD USE FOR FIREWORKS FUND

Kansas Town Spends Celebration Money for Relief of Tornado Sufferers.

La Cygne, Kan., June 19.—Instead of spending the money that had been collected for a big Fourth of July celebration for that purpose, the committee, with the approval of the subscribers, is using it as a relief fund for those who suffered loss in the tornado. Several of the subscribers doubled the amounts they gave and the Linn County bank increased its subscription from \$10 to \$100. The committee also will receive subscriptions of food, clothing, house furnishings and cash to aid the tornado victims.

Instead of the Fourth of July celebration planned there will be a basket picnic, a baseball game and a band concert.

POTATOES SURE TO BE CHEAPER

Kaw Valley Will Raise Biggest Crop in Its History—One Man Has 305 Acres.

Topeka, June 19.—The Kaw valley will have the largest potato crop in its history, according to the estimates of the railroad companies that will haul the crop to market.

There is a larger acreage than in previous years on both sides of the river and the indications are a yield of from 150 to 200 bushels an acre.

All Kansas roads are busy renovating stock cars for loading and next week the roads will begin setting cars at potato loading stations. James Mann of Wilder is the big potato grower in the Kaw valley this year, having 305 acres.

Newly Organized Society Condemns Prohibition and Endorses Topeka Candidate for Governor.

Leavenworth, Kan., June 19.—The Kansas State German-American alliance was perfected here by delegates from Kansas City, Topeka, Atchison, Lawrence, Great Bend and other cities. One hundred and three delegates with credentials were present. Resolutions were adopted by the club strongly condemning prohibition and one was adopted endorsing J. B. Billard's candidacy for governor.

Row in La Follette Ranks.

Chicago, June 19.—The La Follette forces are torn with dissension which broke out openly on the floor of the convention. Just before Chairman Rosewater called the session to order the Wisconsin delegation caucused and by a vote of 15 to 10 decided not to present Gov. McGovern's name as temporary chairman. That was done to prevent the Roosevelt men joining in with them behind McGovern. When nominations were called for, however, Henry F. Cochems presented McGovern's name.

Root Defends Taft.

Chicago, June 19.—Senator Root's speech as temporary chairman was virtually a defense of the Taft administration. He pleaded for party harmony before reviewing the work of the last three and one-half years.

Coliseum Was Crowded.

Chicago, June 19.—Nobody sent regrets. The Coliseum seating chart provides for 15,000 persons. They were all there. Not the 15,000 only, but a few who had not been invited to the grand guessing contest.

GETTING BUSY IN BALTIMORE

FINAL PLANS BEING MADE FOR DEMOCRATIC CONVENTION.

Seven Candidates Have Pledged Delegates—Much Talk of "Dark Horses."

Baltimore, June 19.—Final plans are being made and before the week ends Baltimore will be ready to care for the Democratic convention a week from now.

As to candidates there are seven having pledged delegates, and there is gossip regarding a few possible dark horses. Estimates made of the strength of the active candidates credit Clark with 412 votes, Wilson 280, Underwood 88, Harmon 31, Marshall 30, Baldwin 14 and Burke 10. Necessary to a choice, 730.

Trading of delegates by party leaders will be missing at next week's function. As a result of the primary election system most of the delegates have instructions.

If Mayor Gaynor of New York should enter the race with the backing of Murphy's ninety New York delegates, it would be an impressive feature of the contest.

Governor Foss of Massachusetts is also regarded as a possibility.

Half a dozen of the party leaders are considered for temporary chairman—Judge Alton B. Parker, who is favored by Murphy, head of Tammany; Senator O'Gorman of New York, who has many supporters; Ollie James, senator-elect from Kentucky; Representative Doremus of Detroit and Representative Sulzer of New York.

Suffragists are here with demands for their "rights." Several women will have seats as delegates.

***For W. L. Hauser.

****For J. G. Grier, I. W. F. Lowder.

Chicago, June 19.—With every one of the delegates on the rolls and voting, Elihu Root was elected temporary chairman late in the afternoon, receiving 558 votes, 18 more than enough to nominate a president.

An analysis of the roll call shows what the situation is. Senator Root was recognized from the outset by the Roosevelt forces as a strong candidate for temporary chairman. He has been prominent in the Republican party for years and has been one of its leading men.

The Roosevelt leaders simply could not hold their forces in line for McGovern, who is well known in Wisconsin but has no acquaintance outside that state.

It takes 540 votes to nominate a candidate for president. Root received 558, to 502 for McGovern, with the rest scattering.

No Nomination on First Ballot. "We have them whipped," said Senator Dixon. "The vote this afternoon demonstrates the impossibility of Taft's nomination."

Not all the Roosevelt leaders are so hopeful that Roosevelt can be nominated on the first ballot. It is the general opinion, based on the afternoon's roll call, that on the first ballot there will be no nomination.

As the roll call progressed the plan of campaign was changed by the Roosevelt managers and it was determined that at the close of Senator Root's address as temporary chairman, Gov. Hadley should renew his motion to purge the roll of the 72 disputed delegates. This motion Senator Root, as temporary chairman, could not refuse to entertain. But the whole matter was permitted by agreement to go over until 11 o'clock in the morning, when it will be unfinished business to be taken up by the convention when it assembles.

Only One Convention. This action makes it virtually certain that there will not be simultaneous, Republican conventions in progress at the Coliseum.

Some of the Roosevelt delegates are saying that they could have made a stronger fight against Root if they had put up their own candidate, Senator Borah, instead of trying to make a combination, which only partly worked, with Wisconsin.

The truth is that the nomination of McGovern as an expediency candidate took some of the ginger out of the afternoon's fight. McGovern is known to be a good progressive, but outside the Wisconsin delegation hardly a delegate there knew him. It was understood that he was accepted by the Roosevelt leaders merely to get the votes of Wisconsin.

MARINES FACE 1,500 REBELS

Cubans Prepare to Attack Single Company of Americans.

MAY YET FORCE INTERVENTION

Rebel Leader Protests to U. S. Consul Against Conduct of Government Troops—Asks Opportunity to Prove Charges.

Santiago, Cuba, June 19.—It is reported on good authority here that about 1,500 insurgents are encamped at San Augustin and Mazamora in the vicinity of El Cuero Mines belonging to the Penupo Manganese company, apparently preparing for an attack. Only one company of United States marines is stationed here.

Ross E. Holladay, United States consul here received a letter from Gen. Estenoz, the rebel leader, protesting in the name of humanity against the conduct of the government troops. He says that at Ramon de Las Yaguas, a suburb of El Caney, four miles to the northeast of Santiago, the government troops burned 120 houses belonging to negroes who were totally unconcerned in the revolution. At the same place they killed a father and his two children, both under 10, and maltreated a number of young girls.

Threatens to Retaliate. He declares that if the atrocities of the government troops continue, he will be compelled, much against his will, to start a real race war, although he originally had no such intention.

The conviction is becoming general here that only intervention can secure the peace of the country, especially in the province of Oriente, where the negroes enormously outnumber the whites.

Estenoz requests the United States to send a representative to the scene of military operations, when he will give abundant proof of the truth of his charge against the government troops.

Under no circumstances will Estenoz come to any understanding whatever with the present Cuban government as he has no faith in it, he says.

Rebels Will Not Surrender. He continues that Gen. Manteagudo, commander-in-chief of the government troops, intends to order his men to burn American property for the purpose of exciting the animosity of Americans against the revolutionists.

Gen. Estenoz in conclusion declares that the revolutionists will never lay down their arms until they have accomplished the object for which they took them up and which is the recognition of the independent party of color. He says the United States government was the first to recognize the party during the last intervention and therefore he feels sure the United States will not permit the government to persecute his race.

Heads a Leper Republic.

Manila, June 19.—The first president of the first leper republic in the world is an American citizen named Michael Whalen, the only American leper on the island of Culion, in the Philippines. He was just elected as chief executive of the republic which the Philippine government has organized to manage the affairs of the leper colony.

PAY ACTORS BY THE YARD

Illuminating Statistics Come to Light in Suit Brought by Moving Picture Concern.

Bernhardt's acting is worth a cent a yard, Coquelin's costs 5 cents and Eva Lavalliere can and does draw 10 cents for every three feet of her posing. These illuminating statistics came to light in the course of a suit which one of the picture companies is bringing because several miles of the product furnished them was said to be below standard.

That acting ought to be paid for by the yard is no new idea, although it is not generally stated with such brutal frankness. An evening's "entertainment" has to last a certain conventional number of minutes, or it is "not worth the money." It has to be cut into a conventional number of pieces and adorned with a certain kind of conventional embroidery. The "star" has to be on the stage a good portion of the time; in other words, he or she must contribute a certain number of yards of acting at every performance or the public will go where they can get more stuff for their money.

Bernhardt gets less from the moving picture people than Lavalliere—about one-tenth as much. That, also, is a good, concrete illustration of the market tendencies which we deplore in theory and encourage in practice throughout our own theatrical season. Public demand, after all, determines the prices if not the values of the theatrical commodities just as it does in other industries. If we can be induced to pay most for the tinsel and paste, for the shoddy and the highly-colored cotton, it is hardly fair to put all the blame on the managers. To use one of the classical expressions of our modern Rialto, theatrical managers are not "in it for their health."

HAS NURSED FOR 45 YEARS

Remarkable Record of Woman Who Assisted Lister in First Antiseptic Operations.

In connection with the death of Lord Lister it is interesting to know that the nurse who assisted the famous surgeon with his first antiseptic preparations is still in the Glasgow Royal Infirmary. Nurse Bell has many interesting stories of the old days when Professor Lister was in the infirmary, and the crowd of students and dressers, many of them now chiefs, who attended the classes from 1861 to 1869.

Nurse Bell has been in the Royal Infirmary for 45 years. She is now 69 years of age, and enjoys good health, though not able to do much. When Lord Lister was presented with the freedom of the city of Glasgow four years ago, it was his special desire that Nurse Bell should be present at the function in St. Andrew's hall. When the memorial service was held in the university chapel she had a special invitation to be present.

What the Mosquito Costs.

The foremost authority on the mosquito, Doctor Howard, of the department of agriculture has more than once called attention to the enormous money losses caused by mosquitoes. It appears that the value of real estate in regions infested by them is reduced beyond calculation. The development of one whole state—New Jersey—has been held back by the pest.

In several states lands eminently fitted for grazing and dairying cannot be effectively used for such purposes because of the attacks of mosquitoes on the cattle, thus reducing the yield of milk. In the vicinity of New York and Philadelphia there are large areas of land rendered almost uninhabitable by swarms of these insects, and this notwithstanding the advances made in the destruction of their breeding places.

In some parts of the northwestern states horses must be covered in the daytime with sheets to protect them from the attacks of mosquitoes. It has been estimated that the cost of house screens in the United States is something like ten millions of dollars.

Goethals Told Them How.

The following story is told of Col. George W. Goethals, who at the time it took place was an instructor in engineering at West Point.

One day, in a recitation, he gave out this question to a class of cadets: "The post flagpole, 60 feet high, has fallen down. You are ordered by your commanding officers to put it up again. You have under your command a sergeant and 10 privates of the engineer corps. How would you get the pole back into place?"

Each cadet, after long consideration and much figuring over derrick, blocks, tackle and so on, evolved a different method.

"No," said Goethals, "you are all wrong. You would simply say: 'Sergeant, put up that flagpole!'"—Saturday Evening Post.

Start the Day Right.

A woman's taste is very preceptible at the breakfast table. She should never allow a soiled tablecloth to appear on it. The linen should be fresh and snowy white, the coffee well made and, if possible, fresh flowers and fruits should adorn the table. A nicely appointed, appetizing breakfast is a promoter of good temper and harmony through the ensuing day. A soiled tablecloth, tough cold toast, bitter coffee, etc., are enough to derange both the temper and digestion of those who have to submit to such domestic inflictions.

Auto—Many Cases Disposed
of in Court.

John Simons, the youth who stripped the brass from the automobile of John Cooper at Parnell about two months ago, was sentenced to six months in the county jail this morning by Judge Ellison. He served time in the Iowa Reformatory school for arson, and only a short time ago, it is charged, he stole a watch from a printer at Sheridan.

The case of the state of Missouri against Wood Gauding was set for another time, to be tried before Judge Arch Davis of Chillicothe.

ARE STILL FIGHTING HALL FOR 2 TALKS

MOTION TO SEAT ROOSEVELT
DELEGATES BONE OF CONTENTION

HADLEY THREATENS BOLT

In Speech in Support of Motion Gov-
ernor Makes Clear What Will
Happen if Defeated.

Special to The Democrat-Forum.
Convention Hall, Chicago, June 19. Senator Root called the convention to order at 11:15 o'clock.

Hadley's motion to substitute Roosevelt roll as temporary roll of convention taken up as unfinished business by unanimous consent. Hadley eulogized Roosevelt and was greeted by tremendous ovation. Two hours devoted to discussion. Hadley leads Roosevelt arguments, Watson for opposition. Hadley asks that seventy-eight names of delegates seated by the committee be stricken from the roll and Roosevelt delegates seated. Repeated charges of thievery made yesterday. W. T. Dovel of the state of Washington followed Hadley in opposition to argument. Henry J. Allen of Kansas spoke for the motion on behalf of the unseated Washington delegates. Statement of Hadley and Allen from the platform of the convention practically assures bolt of Roosevelt delegates after vote on Hadley motion, if it is defeated.

James A. Hemenway of Indiana spoke in opposition to Hadley's motion. Hemenway compared Penrose and Flinn in derogation to the latter, which caused a demonstration on the part of the Pennsylvania delegation. Flinn attempted to reply and was rebuked by Chairman Root. George L. Record of New Jersey followed Hemenway, supporting Hadley's motion.

The sergeant-at-arms threatened to clear the hall of all guests if order was not maintained.

Robert E. Morrison of Arizona, at 2:45, spoke in opposition to Hadley's motion.

Root rebuked one of the Texas delegation and instructed the sergeant-at-arms to eject him unless he stopped his disorderly conduct.

C. C. Little of Texas, a Taft delegate, spoke in favor of Hadley's motion and condemned the seating of Texas delegates by the committee, but announced his intention to vote for Taft.

Thomas H. Devine of Colorado spoke in opposition to Hadley's motion, and was hissed when he referred unfavorably to Hadley.

Remarks of speakers against Hadley's motion contain many bitter personalities, and the chairman is having trouble in maintaining order in delegations.

John C. Mackay spoke in opposition to Hadley's motion.

At 4 p. m. James Watson of Indiana, Taft floor leader, speaking in opposition to Hadley's motion. Unless time is again extended vote will follow when Watson closes.

SPEAKS TO WOMEN AT CHRIS-
TIAN CHURCH.

TO MEN AT METHODIST

Social Purity the Theme of Two Lec-
tures Given in Maryville On
Wednesday.

Dr. Winfield S. Hall, dean of the medical department of Northwestern university, returned to Maryville Wednesday for several lectures to be given throughout the day.

When several of the prominent business men of the city heard Dr. Hall at the Normal when the noted medical man was here several weeks ago, they felt the need of such a lecture to be given uptown, that more people might hear him. So plans were immediately made to bring him back.

Dr. Hall lectured at the Normal at the chapel hour this morning. At 4 o'clock he talked to women only at the Christian church, and at 8 o'clock Wednesday night to men only at the First M. E. church. Dr. Hall's books on hygiene will be sold by the Normal Y. M. C. A. to defray the expenses of the lectures, and in case the amount realized is not sufficient the men of the town will pay the deficit. All lectures will be free of charge to the public.

A banquet, complimentary to Dr. Hall, will be given by the Nodaway County Medical organization this evening at Reuillard's.

GRAHAM AUTOISTS HERE.

Were Boosting Wednesday for the Gra-
ham Celebration the Fourth.

Seven automobile loads of Graham citizens were in the city Wednesday boosting the Graham Fourth of July celebration. The Graham Concert band was with the boosters, and after a short concert at the corner of Third and Main streets the official "barker" of the crowd invited the people over to Graham to drink ice water and hear the eagle scream.

They were a lively, fine looking crowd of people, due, of course, to the presence of the Woman's Civic League. That league is going to put Graham on the map the first think you know.

S. C. Ryland and G. P. Parker were ordained to the ministry at a session of the St. Joseph presbytery here yesterday. Both are graduates of McCormack Theological seminary, Chicago. The Rev. D. M. Claggett, pastor of Westminster Presbyterian church, preached the sermon, and the ordination prayer was delivered by the Rev. A. D. Seely of Grant City, Mo. Dr. H. A. Sawyers of Savannah gave an impressive charge to the new ministers. Mr. Parker has been assigned to the Maitland and Graham, Mo. churches, and Mr. Ryland to Faith church, South St. Joseph.—News-Press.

New Cure for Hiccoughs.

An employee of the Crocker-Wheeler company at Ampere, N. J., was recently seized with an attack of hiccoughs. Various remedies were suggested, but none were of any avail. The attack had lasted for several hours before it became necessary for him to stop work and go home. At the expiration of that time he was completely exhausted by the continued spasmodic contractions in his throat. Each renewal of the attack seemed to "fairly tear his insides," as he expressed it. The works at Ampere cover twenty-five acres, and the employee had to walk through several of the big shops. So exhausted was he that when a fresh attack seized him he staggered and almost fell. He put out one hand to steady himself, and the next instant he straightened out rigidly. His hand had come in contact with a generator carrying a current of 250 volts. After the lightning swift withdrawal of his hand, and a startled gasp, the man turned quietly and went back to his work. He was cured of the hiccoughs, but was heard to state later that he thought the disease almost preferable to the drastic cure.

MAY GET THE OFFICE

MORRIS MANDAMUS CASE TO BE
TAKEN UP BY COUNCIL.

SPECIAL MEETING CALLED

Upon Action Taken Wednesday Night
May Rest Decision as to Who is
Police Judge.

Mayor Robey has called a special meeting of the city council for Wednesday night to consider what action shall be taken by the city in regard to the mandamus case of J. W. Morris, which will come up in circuit court Thursday.

The council will undoubtedly be guided by the advice of the city attorney. What he will advise is not known, but a city official in the confidence of the administration said Wednesday afternoon that they were in favor of turning the office over to Judge Morris.

Should this be decided on the mandamus case may never come to trial.

Opportunity.

They do me wrong who say I come no more
When once I knock and fall to find you in;
For every day I stand without your door,
And bid you work, and rise to fight and win.

Wait not for precious chances passed away,
Weep not for golden ages on the wane!
Each night I burn the records of the day—
At sunrise every soul is born again!

Laugh like a boy at splendors that have fled
To vanished joys be blind and deaf and dumb;
My judgments seal the dead past with its dead,
But never bind a moment yet to come.

Though deep in mire, wring not your hands and weep;
I lend my arm to all who say "I can."
No shame-faced outcast ever sank so deep
But he might rise and be again a man!

Dost thou behold thy lost youth all aghast?
Dost reel from righteous retribution's blow?
Then turn from blotted archives of the past,
And find the future's pages white as snow.

Art thou a mourner! Rouse from thy spell;
Art thou a sinner? Sins may be forgiven;
Each morning gives thee wings to flee from hell,
Each night a star to guide thy feet to heaven.

The plaintiff, A. J. Ashlock, alleges that while working in the employ of the Chicago Great Western Railroad company as a section hand he was run down and injured by an electric handcar on the said road.

He further alleges that the handcar was going at a great rate of speed and that no signal of its approach was given the plaintiff.

Ashlock is a resident of New Conception and was for some time before his injury employed by the Great Western.

After granting Altha Griffith a divorce from Walter Griffith and awarding the plaintiff \$500 alimony Wednesday afternoon, court was adjourned, probably not to convene again until Thursday morning.

Miss Golda Airy left Wednesday morning for Redlands, Cal., where she will spend the rest of the summer, returning in time for her school work in the Maryville schools. Her cousin, Miss Jennie Garrett, went with her to Kansas City for a day's visit with friends.

Mrs. William Wells and her son, Harland Wells, and Mrs. Lettie Kime and daughter, Miss Cleo Kime, of Hopkins came to Maryville Wednesday morning and went to the home of their sister, Mrs. D. J. "The Bridgets" Are Astir.

The girls' club known as "The Bridgets" has been very quiet for a long time, scarcely a thing doing since school began last fall. The club will come to life tonight when Miss Ruth Matter and her guests, Miss Helen Wray and Miss Elizabeth Reed of Springfield, Mo., arrive in town. Miss Matter has been visiting Miss Wray in Springfield for several weeks. Miss Wray, who is the daughter of Mr. and Mrs. Curtis Wray, was a member of "The Bridgets" at its organization last summer, before the family left Maryville, and "once a member always a member" seems to be the club motto, for many good times are being planned to carry out after Helen arrives.

Musical and Reception.

The program presented at the reception and musical given at the Elks' club Tuesday afternoon by Mrs. Thad L. Wilderman, Mrs. P. O. Landon and Miss Lottie Perrin is conceded to be as good a selection of music, presented by as good talent, as has been heard at any concert in Maryville for several years.

The two hundred and fifty guests spent a delightful afternoon, and the hostesses may rest assured their entertainment is more than appreciated. They were assisted in receiving by Mrs. George B. Baker, Mrs. E. G. Grear, Mrs. C. C. Corwin, Mrs. Charles Jackson, Mrs. A. R. Perrin, Mrs. D. J. Thomas, Mrs. M. L. Beattie and Miss Mae Grear.

In the tea rooms, where punch was served, Mrs. Ralph W. Eversole and Miss Donna Sison presided, assisted by Miss Susie Ellison, Miss Esther Shoemaker, Miss Emma Lee Taylor and Miss Helen Leffer. The tables from which the punch was served were draped with white sweet peas and similar. In the north parlor, where the guests were received, the only decoration was an immense bouquet of gladioli. The guests were ushered into the auditorium by Miss Marie Jones, Miss Sara McMaster, Miss Elsie Jackson and Miss Rena Sturm. The programs were given out by Little Misses Odette Wilderman, Dorothy McDonald, Masters Truman and Court Toel.

The stage was made attractive with palms and ferns. The program was presented by Mr. Charles Tingle, tenor soloist of Kansas City; Mr. G. Adolph

GETTING BUSY IN BALTIMORE

FINAL PLANS BEING MADE FOR DEMOCRATIC CONVENTION.

Seven Candidates Have Pledged Delegates—Much Talk of "Dark Horses."

Baltimore, June 19.—Final plans are being made and before the week ends Baltimore will be ready to care for the Democratic convention a week from now.

As to candidates there are seven having pledged delegates, and there is gossip regarding a few possible dark horses. Estimates made of the strength of the active candidates credit Clark with 412 votes, Wilson 280, Underwood 88, Harmon 31, Marshall 30, Baldwin 14 and Burke 10. Necessary to a choice, 730.

Trading of delegates by party leaders will be missing at next week's function. As a result of the primary election system most of the delegates have instructions.

If Mayor Gaynor of New York should enter the race with the backing of Murphy's ninety New York delegates, it would be an impressive feature of the contest.

Governor Foss of Massachusetts is also regarded as a possibility.

Half a dozen of the party leaders are considered for temporary chairman—Judge Alton B. Parker, who is favored by Murphy, head of Tammany; Senator O'Gorman of New York, who has many supporters; Ollie James, senator-elect from Kentucky; Representative Doremus of Detroit and Representative Sulzer of New York.

Suffragists are here with demands for their "rights." Several women will have seats as delegates.

GALLERIES WERE IN AN UPROAR

Chicago Men and Women Hissed and Jeered at Proceedings.

WALKED OUT WHILE ROOT SPOKE

Scenes of Wild Disorder Among Spectators Mark Opening Hours of Great Convention—Pencils Were Busy.

Chicago, June 19.—There weren't pencils enough in the spectators' galleries in the Coliseum to keep score on the roll call on temporary chairman. That may serve to indicate in some slight degree the interest in the preliminary skirmish between the Roosevelt and Taft forces in the opening session of the Republican national convention.

Men and women who never had seen each other before bent together over the figures, added them up, discussed the significance of every vote and when hope was highest struck hands in exuberance of feeling. One touch of politics makes the whole world kin.

Chicago is pretty well convention broke, and it takes more than the ordinary procedure of such a gathering to stir the local convention goers, but they got a new sensation, and one that is going to make it pretty difficult for the next convention to compete with the baseball game and the picture shows.

Five Minutes of decorum. It began when the chaplain said amen. Up to that time—a period of about five minutes—the galleries were perfectly decorous. They obeyed the police order that the aisles were to be kept clear, that there was to be no standing and no loud conversation. After that the deluge.

The minute Gov. Hadley said: "Mr. Chairman," and advanced with that motion to purge the roll the galleries rose, and stood up in the chairs. It was Chicago's show and Chicago meant to see it.

History and its handmaiden, fiction, have clung jealously to the tradition that the Roman arena furnished the most acceptable standard of cruelty and delight in human suffering. Perhaps, but the men and women in this Chicago Coliseum did earnestly strive to pierce the skins of Victor Rosewater and Senator Bradley and Indiana Jim Watson!

It was thumbs down for those gentlemen as truly as though the hungry lions had been leaping at the bars of their cages under the arena.

Cruel to Mr. Rosewater.

Thus: When Mr. Rosewater dealt his first feeble whacks with the gavel he was asked if he didn't want a boy to help him. When he used his still feeble voice he was requested to swallow what was in his throat, the intimation being plain that the obstruction was his heart. When he hesitated for a moment on Gov. Hadley's motion he was shrilly and derisively reproached for having forgotten Penrose's instructions on what to do next.

Bradley was greeted with howls, hisses and savage laughter as he passionately answered Heney's taunt that the Taft votes were all from states that never cast a Republican vote.

Walked Out on Root.

When Senator Root had talked on and on for some time he was asked if he thought he was in the senate, where time wasn't worth anything and men talked forever. And there was for Root that last shaft which the proverb says will pierce even the shell of a tortoise—the galleries got up and walked out in the middle of his speech.

Cruel? Well, it wasn't kind.

And then Wisconsin, Wisconsin was anti-Taft, and the Roosevelt galleries had fondly believed they knew where to place its votes. It was Wisconsin's own governor who had been honored with the nomination by the progressives against Root, and the scorekeepers already had put its 26 votes down in the McGovern column. When the break came and the Wisconsin delegates began to throw their votes the other way, the cry was raised, "A deal! A deal!" And high above the tumult on the floor and in the galleries the savage accusation rang out in a man's impassioned tones: "You've been talking to McKinley!"

The parliamentarians were all on the platform around Chairman Rosewater and Floor Leader Hadley. It speaks volumes for the depth and earnestness of the interest taken in this campaign that men and women who never sat in a convention or a legislative body in their lives showed the keenest appreciation of the situation on the floor at every step of the long and involved proceedings.

Galleries Watched Closely. Not a move was made that was not anticipated in the galleries and commented on. Cries of "Appeal, appeal!" rose on all sides when Rosewater overruled the Hadley motion to substitute the names he offered on the temporary roll. And when Watson moved to table the motion it was appreciated that debate on it had been shut off, and the Indianan was roundly hissed.

When the busy pencils had reached

Texas and the defeat of the progressive candidate for chairman was foreshadowed, there were some scenes that might be called pathetic. Some women who had reached a high pitch of excitement took it hard. One young girl with an elder woman threw her score paper on the floor and for a moment her face rested on her companion's shoulder. The girl had added her column up wrong, for one thing, else she would have known sooner what the result would be. Her disappointment was all the keener when disillusionment came. She left her seat when Chairman Root was conducted to the platform.

The more experienced politicians among the Roosevelt spectators took the situation more calmly. They had not hoped very strongly that McGovern would win, but the nearness with which he came to winning gave them a renewed hope.

AIR CLAIMS WOMAN AS VICTIM

Was One of Only Three Female Aviators in Country—Had Been Flying But Short Time.

Springfield, Ill., June 19.—Julia Clarke of Denver, 28 years old, one of the three flying licensed female aviation pilots, was killed at the Illinois state fair grounds when the tip of one of the wings of her Curtis biplane struck a tree. Suspicious of the machine, Miss Clarke left a note requesting that, if she were killed, her body be taken to Denver for cremation.

She made a start and attempted to skim by a row of trees, the machine struck a far reaching bough and the airship turned turtle.

Miss Clarke had been flying for about eight months and was advertised as "the bird girl."

She was ambitious to secure funds from her flying to defray the expenses of an extensive tour of Europe, she was planning to take.

GOOD USE FOR FIREWORKS FUND

Kansas Town Spends Celebration Money for Relief of Tornado Sufferers.

La Cygne, Kan., June 19.—Instead of spending the money that had been collected for a big Fourth of July celebration for that purpose, the committee, with the approval of the subscribers, is using it as a relief fund for those who suffered loss in the tornado. Several of the subscribers doubled the amounts they gave and the Linn County bank increased its subscription from \$10 to \$100. The committee also will receive subscriptions of food, clothing, house furnishings and cash to aid the tornado victims.

Instead of the Fourth of July celebration planned there will be a basket picnic, a baseball game and a band concert.

POTATOES SURE TO BE CHEAPER

Kaw Valley Will Raise Biggest Crop in its History—One Man Has 305 Acres.

Topeka, June 19.—The Kaw valley will have the largest potato crop in its history, according to the estimates of the railroad companies that will haul the crop to market.

There is a larger acreage than in previous years on both sides of the river and the indications are a yield of from 150 to 200 bushels an acre.

All Kansas roads are busy renovating stock cars for loading and next week the roads will begin setting cars at potato loading stations. James Mann of Wilder is the big potato grower in the Kaw valley this year, having 305 acres.

BILLARD FAVORED BY GERMANS

Newly Organized Society Condemns Prohibition and Endorses Topeka Candidate for Governor.

Leavenworth, Kan., June 19.—The Kansas State German-American alliance was perfected here by delegates from Kansas City, Topeka, Atchison, Lawrence, Great Bend and other cities. One hundred and three delegates with credentials were present. Resolutions were adopted by the club strongly condemning prohibition and one was adopted endorsing J. B. Billard's candidacy for governor.

Row in La Follette Ranks.

Chicago, June 19.—The La Follette forces are torn with dissension which broke out openly on the floor of the convention. Just before Chairman Rosewater called the session to order the Wisconsin delegation caucused and by a vote of 15 to 10 decided not to present Gov. McGovern's name as temporary chairman. That was done to prevent the Roosevelt men joining in with them behind McGovern. When nominations were called for, however, Henry F. Cochems presented McGovern's name.

Root Defends Taft.

Chicago, June 19.—Senator Root's speech as temporary chairman was virtually a defense of the Taft administration. He pleaded for party harmony before reviewing the work of the last three and one-half years.

Coliseum Was Crowded.

Chicago, June 19.—Nobody sent regrets. The Coliseum seating chart provides for 15,000 persons. They were all there. Not the 15,000 only, but a few who had not been invited to the grand guessing contest.

Colorado is a Wonderful Place for Children

I don't know any other place where children are so benefited from a few weeks of outdoor life, as they are in Colorado. The summer life out there is about as ideal as can be imagined, and you can live there nowadays so comfortably, and at such moderate cost. There are scores of nice, clean, wholesome boarding houses and ranch houses in Colorado where the rates are from \$10 to \$15 a week, and where you can live well and comfortably. Then, of course, there are elaborate, modern hotels for those who require more.

If you know of anyone who is going to Colorado, ask them to come in and get a copy of our folder, telling all about where to go, what to see, etc. It is easy to go to Colorado—only one-night on the road—and the trains are so comfortable and modern that the trip out and back is really a great part of the pleasure of it all.

***Insider L. Grover L. W. F. Lowder.

Chicago, June 19.—With every one of the delegates on the rolls and voting, Elihu Root was elected temporary chairman late in the afternoon, receiving 558 votes, 18 more than enough to nominate a president.

An analysis of the roll call shows what the situation is. Senator Root was recognized from the outset by the Roosevelt forces as a strong candidate for temporary chairman. He has been prominent in the Republican party for years and has been one of its leading men.

The Roosevelt leaders simply could not hold their forces in line for McGovern, who is well known in Wisconsin but has no acquaintance outside that state.

It takes 540 votes to nominate a candidate for president. Root received 558, to 502 for McGovern, with the rest scattering.

No Nomination on First Ballot.

"We have them whipped," said Senator Dixon. "The vote this afternoon demonstrates the impossibility of Taft's nomination."

Not all the Roosevelt leaders are so hopeful that Roosevelt can be nominated on the first ballot. It is the general opinion, based on the afternoon's roll call, that on the first ballot there will be no nomination.

As the roll call progressed the plan of campaign was changed by the Roosevelt managers and it was determined that at the close of Senator Root's address as temporary chairman, Gov. Hadley should renew his motion to purge the roll of the 72 disputed delegates. This motion Senator Root, as temporary chairman, could not refuse to entertain. But the whole matter was permitted by agreement to go over until 11 o'clock in the morning, when it will be unfinished business to be taken up by the convention when it assembles.

Only One Convention.

This action makes it virtually certain that there will not be simultaneous Republican conventions in progress at the Coliseum.

Some of the Roosevelt delegates are saying that they could have made a stronger fight against Root if they had put up their own candidate, Senator Borah, instead of trying to make a combination, which only partly worked, with Wisconsin.

The truth is that the nomination of McGovern as an expediency candidate took some of the ginger out of the afternoon's fight. McGovern is known to be a good progressive, but outside the Wisconsin delegation hardly a delegate there knew him. It was understood that he was accepted by the Roosevelt leaders merely to get the votes of Wisconsin.

Looked Like County Convention. Chicago, June 19.—The day's proceedings looked and sounded more like a county convention magnified 1,000 diameters than a national nominating body. It was a madhouse of opposing patriots, egged on by the whooping galleries.

Mrs. Nick in Many Toilets.

MARINES FACE 1,500 REBELS

Cubans Prepare to Attack Single Company of Americans.

MAY YET FORCE INTERVENTION

Rebel Leader Protests to U. S. Consul Against Conduct of Government Troops—Asks Opportunity to Prove Charges.

Santiago, Cuba, June 19.—It is reported on good authority here that about 1,500 insurgents are encamped at San Augustin and Mazamora in the vicinity of El Cuero Mines belonging to the Penupo Manganese company, apparently preparing for an attack. Only one company of United States marines is stationed here.

Ross E. Holladay, United States consul here received a letter from Gen. Estenoz, the rebel leader, protesting in the name of humanity against the conduct of the government troops. He says that at Ramon De Las Yaguas, a suburb of El Caney, four miles to the northeast of Santiago, the government troops burned 120 houses belonging to negroes who were totally unconcerned in the revolution. At the same place they killed a father and his two children, both under 10, and maltreated a number of young girls.

Threatens to Retaliate.

He declares that if the atrocities of the government troops continue, he will be compelled, much against his will, to start a real race war, although he originally had no such intention.

The conviction is becoming general here that only intervention can secure the peace of the country, especially in the province of Oriente, where the negroes enormously outnumber the whites.

Estenoz requests the United States to send a representative to the scene of military operations, when he will give abundant proof of the truth of his charge against the government troops.

Under no circumstances will Estenoz come to any understanding whatever with the present Cuban government as he has no faith in it, he says.

Rebels Will Not Surrender.

He continues that Gen. Manteagudo, commander-in-chief of the government troops, intends to order his men to burn American property for the purpose of exciting the animosity of Americans against the revolutionists.

Gen. Estenoz in conclusion declares that the revolutionists will never lay down their arms until they have accomplished the object for which they took them up and which is the recognition of the independent party of color. He says the United States government was the first to recognize the party during the last intervention and therefore he feels sure the United States will not permit the government to persecute his race.

Heads a Leper Republic.

Manila, June 19.—The first president of the first leper republic in the world is an American citizen named Michael Whalen, the only American leper on the Island of Culeon, in the Philippines. He was just elected as chief executive of the republic which the Philippine government has organized to manage the affairs of the leper colony.

PAY ACTORS BY THE YARD

Illuminating Statistics Come to Light in Suit Brought by Moving Picture Concern.

Bernhardt's acting is worth a cent a yard, Coquelin's costs 5 cents and Eva Lavalliere can and does draw 10 cents for every three feet of her posing. These illuminating statistics came to light in the course of a suit which one of the picture companies is bringing because several miles of the product furnished them was said to be below standard.

That acting ought to be paid for by the yard is no new idea, although it is not generally stated with such brutal frankness. An evening's "entertainment" has to last a certain conventional number of minutes, or it is "not worth the money." It has to be cut into a conventional number of pieces and adorned with a certain kind of conventional embroidery. The "star" has to be on the stage a good portion of the time; in other words, he or she must contribute a certain number of yards of acting at every performance or the public will go where they can get more stuff for their money.

Bernhardt gets less from the moving picture people than Lavalliere—about one-tenth as much. That, also, is a good, concrete illustration of the market tendencies which we deplore in theory and encourage in practice throughout our own theatrical season. Public demand, after all, determines the prices if not the values of theatrical commodities just as it does in other industries. If we can be induced to pay most for the tinsel and paste, for the shoddy and the highly-colored cotton, it is hardly fair to put all the blame on the managers. To use one of the classical expressions of our modern Rialto, theatrical managers are not "in it for their health."

HAS NURSED FOR 45 YEARS

Remarkable Record of Woman Who Assisted Lister in First Antiseptic Operations.

In connection with the death of Lord Lister it is interesting to know that the nurse who assisted the famous surgeon with his first antiseptic preparations is still in the Glasgow Royal Infirmary. Nurse Bell has many interesting stories of the old days when Professor Lister was in the infirmary, and the crowd of students and dressers, many of them now chiefs, who attended the classes from 1861 to 1869.

Nurse Bell has been in the Royal Infirmary for 45 years. She is now 89 years of age, and enjoys good health, though not able to do much. When Lord Lister was presented with the freedom of the city of Glasgow four years ago, it was his special desire that Nurse Bell should be present at the function in St. Andrews' hall. When the memorial service was held in the university chapel she had a special invitation to be present.

What the Mosquito Costs.

The foremost authority on the mosquito, Doctor Howard, of the department of agriculture has more than once called attention to the enormous money losses caused by mosquitoes. It appears that the value of real estate in regions infested by them is reduced beyond calculation. The development of one whole state—New Jersey—has been held back by the pest.

In several states lands eminently fitted for grazing and dairying cannot be effectively used for such purposes because of the attacks of mosquitoes on the cattle, thus reducing the yield of milk. In the vicinity of New York and Philadelphia there are large areas of land rendered almost uninhabitable by swarms of these insects, and this notwithstanding the advances made in the destruction of their breeding places.

In some parts of the northwestern states horses must be covered in the daytime with sheets to protect them from the attacks of mosquitoes. It has been estimated that the cost of house screens in the United States is something like ten millions of dollars.

Goethals Told Them How.

The following story is told of Col. George W. Goethals, who at the time it took place was an instructor in engineering at West Point.

One day, in a recitation, he gave out this question to a class of cadets: "The post flagpole, 60 feet high, has fallen down. You are ordered by your commanding officers to put it up again. You have under your command a sergeant and 10 privates of the engineer corps. How would you get the pole back into place?"

Each cadet, after long consideration and much figuring over derelicks, blocks, tackle and so on, evolved a different method.

"No," said Goethals, "you are all wrong. You would simply say: 'Sergeant, put up that flagpole!'"—Saturday Evening Post.

Start the Day Right.

A woman's taste is very preceptible at the breakfast table. She should never allow a soiled tablecloth to appear on it. The linen should be fresh and snowy white, the coffee well made and, if possible, fresh flowers and fruits should adorn the table. A nicely appointed, appetizing breakfast is a promoter of good temper and harmony through the ensuing day. A soiled tablecloth, tough cold toast, bitter coffee, etc., are enough to derange both the temper and digestion of those who have to submit to such domestic afflictions.
